In the English language, the word nigger is an ethnic slur typically directed at black people. The word originated in the 18th century as an adaptation of the Spanish negro, a descendant of the Latin adjective niger, which means black. It was used derogatorily, and by the mid-20th century, particularly in the United States, its usage became unambiguously pejorative, a racist insult.

In probability theory and statistics, skewness is a measure of the asymmetry of the probability distribution of a real-valued random variable about its mean. The skewness value can be positive or negative, or undefined. For a unimodal distribution, negative skew commonly indicates that the tail is on the left side of the distribution, and positive skew indicates that the tail is on the right.
