Case Study. At the same time that case studies are widely used and have produced canonical texts, it may be observed that the case study as a methodology is generally held in low regard, or is simply ignored, within the academy. For example, only 2 of the 30 top-ranked U.S. graduate programs in political science require a dedicated graduate course...

The primary advantage of a case study is that it provides much more detailed information than what is available through other methods, such as surveys. Case studies also allow one to present data collected from multiple methods (i.e., surveys, interviews, document review, and observation) to provide the complete story.
