

a history of modern pdf

The history of science is the study of the development of science and scientific knowledge, including both the natural and social sciences (the history of the arts and humanities is termed history of scholarship). Science is a body of empirical, theoretical, and practical knowledge about the natural world, produced by scientists who emphasize the observation, explanation, and prediction of ...

In recent years, the Business History Conference has sprouted several interest groups that have coalesced around perceived needs. The first two, "Women in Business History" and "Business Historians at Business Schools," meet informally over lunch at the annual meeting to discuss issues in the profession and to network. The "Emerging Scholars" group began informally, but its leadership now ...

History - From Creation to Modern Times

History of Hinduism denotes a wide variety of related religious traditions native to the Indian subcontinent. Its history overlaps or coincides with the development of religion in Indian subcontinent since the Iron Age, with some of its traditions tracing back to prehistoric religions such as those of the Bronze Age Indus Valley Civilization. It has thus been called the "oldest religion" in the ...

Palestine, area of the eastern Mediterranean region, comprising parts of modern Israel and the Palestinian territories of the Gaza Strip (along the coast of the Mediterranean Sea) and the West Bank (the area west of the Jordan River).. The term Palestine has been associated variously and sometimes controversially with this small region, which some have asserted also includes Jordan.
