Some people practice simple living by reducing consumption. By lowering expenditure on goods or services, the time spent earning money can be reduced. The time saved may be used to pursue other interests, or help others through volunteering. Some may use the extra free time to improve their quality of life, for example pursuing creative activities such as art and crafts.

The Holocene extinction is mainly caused by human activity. Extinction of animals, plants, and other organisms caused by human actions may go as far back as the late Pleistocene, over 12,000 years ago. There is a correlation between megafaunal extinction and the arrival of humans, and human overpopulation and human population growth, along with overconsumption and consumption growth, most ...
