religion globalization and political pdf

Religion is a cultural system of designated behaviors and practices, morals, worldviews, texts, sanctified places, prophecies, ethics, or organizations, that relates humanity to supernatural, transcendental, or spiritual elements. However, there is no scholarly consensus over what precisely constitutes a religion. Different religions may or may not contain various elements ranging from the ...

This is the first translation ever made from a critical Aramaic text of the Zohar, which has been established by Professor Daniel Matt based on a wide range of original manuscripts. The work spans twelve volumes. The extensive commentary, appearing at the bottom of each page, clarifies the kabbalistic symbolism and terminology, and cites sources and parallels from biblical, rabbinic, and ...
